FORWARD

This report provides an overview of the major legislation that affected the Department of General Services (DGS) in the year 2001.

The DGS Office of Legislation monitored and reviewed over 3, 272 measures and provided an assessment on over 450 bills. The following is a summary of the bills with particular significance to the department that reached the Governor's desk.

We appreciate everyone's contribution in our successful representation of departmental legislative matters before other state agencies, the Legislature, and the Governor. As you will see from the report, we addressed a wide range of topics, from relatively simple, one-issue subjects to very complex efforts regarding intergovernmental jurisdictional issues.

We look forward to the second year of the 2001-2002 Legislative Session and working together with the varied interested parties to achieve positive outcomes. If you have questions regarding this summary or would like additional information, please contact Carol Ferreira at (916) 445-3946 or on the Internet at cferreira@dgs.ca.gov.
